

Announcing the 2018 Poster Prizes

Through the generosity of prize sponsors, **three Poster Prizes** will be awarded for the best posters presented at the 2018 ICAZ International Conference. The competition is open to all ICAZ 2018 Ankara conference participants who are students or have received a degree (Ph.D., MA/MSc, or BA/BS) within the past 10 years.

The top three posters will be determined by a panel of judges who will evaluate the posters during the conference, based on two criteria:

- the **quality** of research design and the chain from question through data to conclusion.
- the **clarity** with which that research is presented by the poster

Posters co-authored by up to **three** researchers may be entered, on condition that all co-authors meet the qualifying criteria.

The Prizes will be awarded to the winners during the General meeting of the ICAZ, on September 7th 2018.

How to participate

To enter, indicate on the abstract submission form that you wish your poster to be considered for the poster award.

The Awards
